Voyage to China

The essence of Chinese massage originated from the principle that diseases and illnesses arise due to a deficiency or imbalance in the energy pathways or meridians in the body that represent physiological systems. Through massage and other specific bodywork techniques, energy will flow more harmoniously through these pathways, allowing the body to heal itself naturally. When the balance of "Qi" is achieved then the essential life force will flow smoothly through the meridians allowing the body to maintain a perfect harmonious balance.

Treatment Elements

Chinese Foot Ritual

Prepare for your voyage to China with a purifying foot cleansing ritual using lime and ginger and gently tapped with our exclusive foot pounder.

Chinese Foot and Hand Reflexology

Continue your voyage and experience an ancient Chinese art of healing with pounding and pressure point massage on specific zones in the feet and hands. Chinese reflexology, a holistic healing method works on the principle that vital energy is channeled along various lines throughout the body known as the meridians. While practicing reflexology, parts of the feet, hands and even the ears are pressed gently and massaged to stimulate the nerves which in turn help the blood flow to the various parts of the body.

Chinese Head & Face Therapy

Cool off with an exclusive treatment that utilizes the healing powers of the precious jade stoneroller and basalt stones to massage meridian points on the face and stimulate lymphatic drainage to improve facial circulation, and increase oxygen, thus enhancing radiance and natural glow. Facial rolling will ensure wonderfully smooth unlined face with better elasticity of the skin and with a toned and re-contoured lean look. The cooling effects of jade will help to even the skin tone and tighten pores.

Conclude your journey with a relaxing head massage allowing you to drift into a state of total bliss.

Your journey will last for approximately 2 hours at \$ 210 per couple
